

K&G Tilt Up Services LLC

Established in 2007, Tilt Up Construction, Inc. provides a wide range of construction / deconstruction services to commercial and government clients throughout the Mid-Atlantic Region. Tilt Up Construction is an SBA Approved 8(a) and EDWOSB firm with over thirty (30) years combined experience in construction, field management services, site excavation and restoration, site development, specialty trade construction, tenant improvements and Building Operations and Maintenance. Tilt Up Construction offers highly experienced personnel uniquely qualified to perform various construction, environmental, and demolition related projects. These professionals are well versed in regulatory issues and have the skills and certifications to successfully complete a wide variety of projects. Tilt Up Construction is an SBA Certified 8(a), SBA Certified Economically Disadvantaged Woman Owned Small Business and multi state and locality certified WBE/DBE/MBE.

Established in 2013, K&G Electrical Contractors, Inc. provides a wide range of electrical, construction, and operations & maintenance services to commercial and government clients. Although K&G is headquartered in Maryland, our network of subcontractors and connections allow K&G to successfully perform outside our region. K&G Electrical Contractors is a SBA certified small disadvantaged business firm with over fifteen (15) years combined experience in the construction market including, electrical services, general construction, tenant improvements, facilities maintenance and operations and maintenance.

Tilt Up Construction and K&G Electrical Contractors, Inc. have teamed up in efforts to provide clients with a wider range of experience and technical know how to our respective portfolios. By bringing together these two firms, we feel that we have a wider range of expertise and capabilities to pursue both larger and more design intense projects, leaving each firm to focus on the services that best match their company's resources and strengths.
